ISLAY

WHISKIES FROM ISLAY ARE KNOWN FOR THEIR SMOKY CHARACTER, TYPIFIED BY MALTS FROM ARDBEG, LAGAVULIN AND LAPHROAIG. SOME ISLAY DISTILLERIES, SUCH AS BRUICHLADDICH, MAKE LIGHTER, NON-PEATED MALTS. ISLAY MALTS ARE SAID TO HAVE A COMPLEX, MEDICINAL FLAVOR. NOTES OF IODINE, SEAWEED AND SALT ARE COMMON.

HIGHLANDS

BY FAR THE BIGGEST REGION, THE HIGHLANDS OFFERS MALTS THAT VARY WIDELY IN FLAVOR AND STYLE. FLAVORS RANGE FROM DRY WITH A SLIGHT PEATINESS, TO HEATHERY AND SPICY, TO LIGHT AND FRUITY.

SPEYSIDE

SPEYSIDE BOASTS THE LARGEST CONCENTRATION OF DISTILLERIES IN SCOTLAND. NAMED FOR THE RIVER SPEY WHICH FLOWS THROUGH THE

AREA, MALTS FROM SPEYSIDE CAN BE GENERALLY CLASSIFIED AS EITHER LIGHT AND GRASSY OR RICH AND SWEET.

ISLANDS

THE ISLANDS ARE A GEOGRAPHICAL DISTINCTION RATHER THAN A CHARACTERISTIC DISTINCTION. TALISKER HAS AN EXPLOSIVE TASTE, PEATY AND SWEET, WHILE HIGHLAND PARK IS KNOWN FOR ITS EXCEPTIONAL SMOOTHNESS, DRIED FRUIT AND AROMATIC PEAT.

CAMPBLETOWN

ONCE THE WHISKEY CAPITAL OF SCOTLAND, CAMPBLETOWN NOW ONLY HAS TWO ACTIVE DISTILLERIES. CAMPBLETOWN MALTS HAVE A DISTINCTIVE, BRINY CHARACTER.

LOWLANDS

SOUTH OF THE HIGHLANDS, THIS REGION TENDS TO PRODUCE SOFTER SINGLE MALTS, WHERE THE CHARACTER OF THE BARELY ITSELF IS EVIDENT.
